Dear Members of the Judiciary Committee,

I am writing to express my strong support for AB203, a critical step toward ensuring a more inclusive and equitable cannabis industry in Nevada. As a long-time advocate for cannabis policy reform, social equity, and economic justice, I believe this bill provides much-needed opportunities for individuals disproportionately affected by past cannabis-related criminalization.

AB203's provisions—particularly the creation of a Social Equity Liaison, joint-venture opportunities for impacted individuals, and tax exemptions for social equity applicants—are key measures that align with broader efforts to create a fair and thriving industry. These initiatives will lower financial and regulatory barriers, allowing more diverse entrepreneurs to participate in the legal market.

I appreciate the committee's dedication to crafting policies that prioritize equity and economic empowerment. I urge you to support AB203 and continue championing legislation that fosters an inclusive and sustainable cannabis industry in Nevada.

Thank you for your time and consideration.

Best regards,
