

Dear Members of the Assembly Committee on Government Affairs,

I am writing on behalf of Native Voters Alliance Nevada in support of Assembly Bill 263.

I was raised on the East Side in Assembly District 12, and today, I am choosing to grow my family in Assembly District 18 because this is where my roots are. In my free time, my family and I are deeply committed to our community, whether it's volunteering at clean-ups or assisting neighbors in need. Because growing up, I was taught *mālama*—to show up for yourself, for others, and for the land.

That's the foundation of a strong community. Time and time again, we've proven that when we show up for each other, we all do better.

This is about dignity, but it's also about responsibility. AB263 is about good governance, responsible leadership, and making sure every single member of our community is cared for.

And most importantly, thank you to Assemblymember Mosca for putting forward this legislation and standing up for the needs of your district and the East Side. Thank you for showing our state what it means to be an unwavering champion for our community and for never backing down, especially for those who need it most.

A hui hou,

/s/ **Mathilda Guerrero Miller, MPPA**
