Re: Testimony in Support for Senate Bill 182

Dear Chair Doñate and Members of the Committee:

American Civil Liberties Union of Nevada supports SB182. This bill will ensure safe staffing ratios, ensuring healthcare professionals have the support they need to provide the highest quality care for patients. By preventing excessive workloads, this bill helps reduce burnout among our crucial healthcare workers and ensures patients receive the adequate treatment they deserve. We thank Senator Nguyen for carrying this legislation and Service Employees International Union Local 1107 for their unwavering commitment to advocating for their member's best interests.

We urge the committee to support SB182.
