Re: Testimony in Support for Senate Bill 207

Dear Chair Doñate and Members of the Committee:

I am writing on behalf of Native Voters Alliance Nevada in support of SB207.

In 2018, after a two month stay in the ICU, my father had to relearn how to walk while recovering with a feeding tube. He was able to heal at home because he had access to at-home physical therapy and home healthcare. In 2020, [after open-heart surgery](#), he had those same services again—helping him regain his strength and stay out of the hospital. And now, in the fight for his life, I see more than ever how essential these services are.

But not every elder has access to the care my father did. Too many are forced into institutional settings not because they need to be there, but because there aren't enough resources to support them at home.

This isn't just about healthcare—it's about respect, dignity, and quality of life. We urge this body to support SB207 and ensure Nevada's elders get the care they need, where they need it.

A hui hou,

/s/ Mathilda Guerrero Miller, MPPA
