A.B. 321

Revises provisions relating to offenders. (BDR 14-1015)

I believe that all good citizens deserve a second chance at life however, Hurt people Hurt people.

Having had learned about personality traits, A narcissist or person with manipulative behavior, will do anything for freedom including risking their own lives for \$1.00 fighting fires.

Having had known a person who hid their prison time and felony of murder, while they have had the opportunity of freedom, their crime sprees had not ended, while they continue to use and sell drugs known as (methamphetamine), and other lethal substances that are poisonous to our society.

I'd like to see that a person who willingly wants their freedom will fight for it.

It takes years to heal from trauma that may have resulted in their incarcerations.

Thank you,
Jessica Glover
