Nevada Legislature
Assembly Committee on Revenue

RE: Statement in Support of AB 276

To Members of the Committee:

On behalf of the Henderson Chamber of Commerce (HCC), which represents over 2,000 members throughout Southern Nevada, the majority of whom are small businesses, we would like to express our support for Assembly Bill 276.

This proposed legislation will create a more equitable and adaptive framework for businesses relating to the commerce tax. By connecting the revenue threshold to the Consumer Price Inflation Index (CPI), we ensure that the threshold reflects the real-world economic conditions, such as inflationary trends, over time. This adjustment will allow businesses to better plan and forecast their tax obligations based on the broader economic environment, rather than remaining subject to a fixed threshold that may lose relevance in a changing economy.

AB276 will help foster a business-friendly environment that encourages growth and stability in the state's economy. It aligns with the goal of making Nevada a more attractive place for businesses to operate and invest, without unnecessarily burdening them during times of economic uncertainty.

For these reasons the Henderson Chamber of Commerce strongly supports AB 276 and looks forward to continuing our efforts to maintain and strengthen support for small businesses.

Respectfully,
