Re: Testimony in Support for Assembly Bill 283

Dear Chair Miller and Members of the Committee:

American Civil Liberties Union of Nevada supports AB 283. This bill modernizes Nevada's summary eviction process, aligning it with principles of due process and fairness. AB 283 establishes a more transparent and balanced framework for evictions. These changes help protect housing stability while promoting a fairer system for all Nevadans.

We urge the committee to support AB 283.

Best,
