SB 405 Transit to Trails Conceptual Amendment

SB 405 shall be adjusted as follows:

- Adding the following members to the Task Force appointed by the Legislative Commission: One representative from a member of a transportation agency within the Tahoe Basin
- Section 3(1) is amended to read: “Identify high priority areas for a program to provide or expand access to ~~trails~~ outdoor recreation areas in this State, using public transit, based on the need for transportation infrastructure to improve access to outdoor recreation for communities with limited transportation or parking, with public safety concerns or where the weather of the community makes public transportation a better option for ~~trail~~ outdoor recreation access; and”
- Section 3(2) is amended to read: “Identify and apply for grants of money from the Federal Government and private entities for the expansion of public transit that runs to ~~trailheads~~ outdoor recreation areas in this State, including, without limitation the high-priority areas identified pursuant to subsection 1.”
