Re: Letter of Support, Senate Bill 422

Dear Senate Legislative Operations and Elections Committee,

On behalf of the Progressive Leadership Alliance of Nevada (PLAN), I am writing to express support for SB422, which would mandate that the DMV extend its hours of operation during election season to enable voters to obtain the necessary identification to register to vote. The additional hours would be a huge benefit for Nevada residents who work odd hours, commute using public transportation, or can't visit the DMV during typical business hours.

Further, by eliminating certain mandatory DMV appointments, voters could renew or obtain a new ID within a reasonable time.

This is an important bill and a step in the right direction toward positive election reform and expanding voting opportunities for working-class Nevadans. We urge the committee to vote yes on SB422.

Thank you,

Tara Webster, M.S.

Policy Manager

Progressive Leadership Alliance of Nevada

The Progressive Leadership Alliance of Nevada was founded in 1994 by Nevada activists to build a more fair and just Nevada that puts people and planet first. We organize with front line communities and directly impacted leaders for policy changes and community investments that improve the lives of Nevadans.
