Assembly Judiciary Hearing

Testimony in Opposition of SB161

Paula Luna

Battle Born Progress

Nevada Legislature – Committee Hearing Senate Government Affairs

May 8, 2025

Members of the Committee,

Thank you for the opportunity to submit in opposition to SB161. Although we support the right to strike, the limitations in this bill allows for only certain groups of educators to strike, potentially giving a disadvantage to administrators and other essential education workers to wield that same power. We think a more holistic solution would be a greater benefit to our educators, administrators, and students and therefore must oppose SB161. We ask this committee to oppose it as well.

Paula Luna
