I respectfully urge you to vote no on AB 461. This bill imposes additional complexities on Nevada's advance health-care directive laws, including on court determinations of capacity (Section 28). These are not hypothetical issues, but rather time-sensitive matters that arise in moments when time is of the essence and lives are on the line. This bill will lead to additional and unnecessary doubt, confusion, and litigation at crucial times when families should be focused on the care of their loved ones.

Please don't fix what isn't broken. Please vote no on AB 461.

Respectfully,

Kade
