Subject: Support to SB422

Dear Chair Mosca and Committee Members,

My name is Noé Orosco, I am the Government Affairs Manager with Make the Road Nevada. We are in **support of AB422**, which ensures that all eligible voters, regardless of their circumstances, have the opportunity to participate in our elections.

Nevada has one of the highest transiency rates in the nation, meaning that many of our working-class voters are disproportionately affected. Many families move frequently due to rising housing costs and other financial pressures. As a result, their ID may not reflect their current address, creating barriers to voting.

Our gente hold multiple jobs or work shifts that make it very challenging to visit the DMV during standard hours. The lack of accessibility can discourage voters from participating in our electoral process.

By allowing voters to cast a provisional ballot and follow up with the clerk's office, this bill helps reduce voter disenfranchisement. Additionally, requiring the DMV to extend its hours on weekends during election season helps ensure that working-class and Latino voters have an opportunity to obtain updated identification.

I urge the committee to support this SB422.
