**RE: Opposition to AB416 – Protecting Parental Rights and Local
Decision-Making**

Dear Senators and Assemblymembers,

On behalf of the Latin Chamber of Commerce Nevada Inc., the largest and most established Latino business organization in Nevada, we write to express our strong opposition to Assembly Bill 416.

As a Chamber that serves thousands of families and entrepreneurs across our state, we believe in the fundamental rights of parents to have a say in what their children are exposed to in our public schools. AB416 undermines that principle by limiting the ability of school boards, educators, and community members to respond to legitimate concerns over library content that may be inappropriate for children.

This bill creates unnecessary barriers for parents seeking to protect their children and threatens those who speak out with felony charges. That is not how we build trust between families and public institutions—it's how we silence them.

Furthermore, AB416 weakens local authority and replaces it with a one-size-fits-all state policy. Decisions about educational content should reflect the values and standards of the local communities they serve—not be dictated by inflexible mandates.

The Latin Chamber of Commerce stands firmly in support of parental rights, community input, and responsible oversight in education. For these reasons, we urge you to oppose AB416.

Thank you for your consideration and continued service to the people of Nevada.

Respectfully,

Peter Guzman
President and CEO
Latin Chamber of Commerce Nevada Inc.
