

Chair Monroe-Moreno, and members of the Assembly Ways and Means Committee:

I was at the hearing but unable to testify last night. Here is my brief testimony:

My name is Kathleen Seline, and I am here on behalf of the Churchill County Republican Central Committee in support of AB584.

Nevada students are at or near the bottom of every national metric on student achievement. This didn't happen overnight and it won't be fixed in just one legislative session. However, AB584, is a step in the right direction with transparency and accountability. I am particularly favorable to Section 44 which requires K-3rd grade phonics-based instruction for all Nevada students, including training for teachers, and integrating STEM into ELA instruction.

Please vote YES on AB584 and thank you for your consideration.

Kathleen Seline, 2ndVP

Churchill County Republican Central Committee
